4-H License Plates:

The State 4-H Foundation Board met during 4-H Congress and a hot topic was the 4-H license plate. The state legislature will be looking at the abundance of specialty plates available in the 2009 session and several will likely be discontinued. One of the criteria used to determine if a plate will stay is the number being purchased for the organization. Funds from the purchase of the plate help both the county and the state levels of 4-H, this year alone Gallatin County has received \$600. At the county level we have been able to provide scholarships and pay for miscellaneous 4-H items and needs through the license plate funds we have received. If you are renewing your license plates, purchasing a new car or adding a driver, consider purchasing the 4-H license plate. Help keep this great looking plate available!

Congratulations on a job well done at Fair! I had a great time getting to meet you and see how the fair here works. I saw some excellent projects exhibited as well as some fantastic showman. A huge thank you to the team of volunteers and leaders in the barns and buildings that helped make each part of Fair a success!

A couple of Post- Fair Notes:

- ☺ Be sure to get your Thank You notes for your buyers into the office if you haven't already.
- ☺ If each family would personally send a special thank you to NorthWestern Energy for sponsoring the ribbons this year that would be greatly appreciated!
- ☺ Don't forget to turn your record books into your leaders!
- ☺ We have a few things that were left from the indoor exhibit building, please stop by the office and claim your items & ribbons!

Next month for a Junior Leader Group starting early this fall!
Time and place for a kickoff event will be in the September newsletter!

Faith.
